FEEL THE DIFFERENCE

LuxHome Seating is a brand founded in 2023 by AJ's Furniture LLC with a focus on manufacturing fully upholstered living room seating with sleek cutting-edge designs for the wholesale market. Each item is built from scratch by our teams of skilled Amish craftsman and women. From hardwood frames with mortise and tenon joints, to drop-in coil spring seating, to high resilient foam covered with either a standard fabric, performance fabric or leather from the vast collection offered by Heartland Fabrics. Every piece is made for supreme comfort and longevity.

Please note: LuxHome works exclusively with Heartland Fabrics. The buyer is responsible for supplying LuxHome with any fabric or leather selected outside of Heartland Fabrics. Please see the price list for the yardage chart of all LuxHome products.

SINGLE CONE COILS SPRINGS – RIGID-BAR SPRING CONSTRUCTION (DROP-IN COIL SPRINGS)

The coil springs in the Rigid Bar Construction are connected by a link-top fabrication, which spreads the weight load per spring more evenly than an 8 Way Hand-Tied unit. An added feature to the Rigid Bar Coil Construction is what is referred to as a “Soft Edge” or a formed-up front. A “formed-up Soft Edge” unit gives greater support to the front of the unit, while helping to preserve the life of the cushion.

One size does not fit all. The size, height, diameter, wire gage, and spacing of these springs are custom made for each piece of furniture. The seating height, cushion depth, and upholstery material were all considered during this process. Every spring has been heat tempered (after forming) to insure a lifetime of consistent comfort. The springs in this fine furniture carry a lifetime warranty.

The spring unit and seat cushion form a marriage of comfort. The density of the foam, and the ride depth of the spring, combine to give a perfect seating experience. Our commitment to quality includes the unseen springs inside of this furniture. Though out of site, no expense was spared in order to deliver to you the most comfortable and consistent seating experience available today. Compare, and feel the LuxHome difference.

Q&A

Q: The catalog says that I can't order any pattern match fabric, does that mean I can't order fabric with patterns on it?

A: You can order fabric that has patterns on it, but we won't be able to match the patterns from one seat to the next.

Q: How do I order a 4+ seat sofa?

A: Start with the 3-seat sofa and order the Serene extra seat unit for as many seats as you want to add.

Q: How do I order a 4-seat sectional instead of the listed 5-seat sectional?

A: Order the 4-seat sectional and deduct the price of a Serene extra seat unit to get the correct pricing.

Q: How do I order a 5+ seat sectional instead of the listed 5-seat sectional?

A: Start with the 5-seat sectional and order the Serene extra seat unit for as many seats as you want to add.

Q: How do I order a U sectional that gets more than 1 corner seat?

A: Please contact us for a quote.

Q: Will I get 1 less seat cushion for the sofa if I order a sofa and a chaise together since the chaise comes with 1 long cushion?

A: No, the chaise is an "add on option" so you will always get a complete set of whatever you order with the chaise, which will then allow you to add or remove the chaise whenever you need.

CARE & CLEANING GUIDE

Caring for fully upholstered furniture is essential to maintain its appearance and longevity.

GENERAL MAINTENANCE

- 1. Regular Vacuuming:** Dust mites, pet dander, and allergens accumulate over time. Vacuum your upholstered furniture at least once a month to remove surface dirt and debris. Use a clean, dry upholstery attachment or a stiff-bristle brush to loosen dried dirt and reach nooks and crannies.
- 2. Flip and rearrange loose cushions frequently:** This will help distribute the wear evenly.
- 3. Fluff throw pillows and loose or semi-attached backs frequently:** This will help them stay closer to their original shape.
- 4. Keep leather upholstery away from direct heat such as, fireplaces and air vents:** This can cause the leather to dry out and start cracking.
- 5. Avoid placing furniture in direct sunlight:** Place your upholstered furniture away from direct sunlight and heat sources. Sun exposure can fade fabrics, and excessive heat may damage them.

FABRIC CLEANING GUIDE

Standard Fabrics

Code WS: Spot clean with a mild solvent, an upholstery shampoo or the foam from a mild detergent.

Code S: Spot clean, using a mild water-free solvent or dry-cleaning product. Clean only in a well-ventilated room and avoid any product containing carbon tetrachloride or other toxic materials.

Code W: Spot clean, using the foam only from a water-based cleaning agent such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry.

Performance Easy Clean Fabrics

Performance fabrics are easy to clean, but are not self-cleaning. Most spills will simply blot off the surface with a dry towel. And for more difficult stains, just follow these simple spot cleaning instructions

- Wipe away excess mess using a clean, dry towel
- Mix a simple soap and water solution*
- Apply and agitate with a soft bristle brush
- Blot with a clean towel
- Rinse thoroughly, and repeat if necessary

*We recommend mixing 1 tsp. enzyme laundry detergent, like Tide or Cheer, with 2 cups warm water. And remember, soap attracts dirt, so rinse thoroughly.

LEATHER CLEANING GUIDE

- Blot up spills immediately using a clean, white cloth
- Dust frequently with a soft, dry white cloth
- Clean regularly with a soft, white cloth that is lightly dampened with water. After wiping, gently rub with a soft dry cloth to remove soil.
- Never use polishes, oils, ammonia, cleaning fluids, solvents or detergents to clean. (The use of cleaning agents may cause damage and void the warranty.)

WARRANTY

Our consumer protection is our promise to you, the original purchaser, that each piece of LuxHome Seating products will be free from manufacturing defects for its useful life, provided the furniture is used in a residential application.

HARDWOOD FRAMES AND SPRINGS

LuxHome Seating warrants to you, the original retail purchaser, lifetime protection against manufacturing defects of frames and springs.

SEAT FOAM CORES

We fabricate our standard seating with (High Resilient 2.6 Density) polyurethane foam, which is considered the highest quality foam available to the upholstered furniture industry. LuxHome Seating warrants you the original retail purchaser, a lifetime warranty on our high resilient foam cores against any manufacturing defects for the lifetime of the product. The seat foam core refers only to the foam of the cushion, not the fiber wrap or the fabric or leather casing.

Note: Even though we use a high performing polyurethane foam, some flattening or loss of resiliency will occur as a result of normal use and aging. This is not covered under the warranty.

Cushion materials conform to the shape of the user and is not considered to be a manufacturing defect.

Cushion softness is significantly affected by the type of fabric or leather that surrounds it. Proper maintenance and seat cushion rotation where applicable will provide longer life and greater durability.

Cushions suspected to be defective must be returned to the builder for industry testing. If it is determined that the cores were not properly cared for or were under extreme abuse, would void the warranty. If found defective, LuxHome Seating will replace at no charge. Shipping and handling charges will apply to cushion cores replaced after two (2) years.

Blown Fiber Backs Note: Back cushions with blown fiber filling are exceptionally soft, but these fibers will show a loss of resilience as a result of normal use. LuxHome Seating cannot warrant blown-fiber back cushions against softening and flattening of fibers, which are considered normal wear, and not defects. The cushions should be fluffed occasionally to keep these fibers evenly distributed.

RECLINER MECHANISMS: (250LB LOAD RATING)

LuxHome Seating warrants to you the original purchaser, a limited three (3) year warranty for residential use only. In the event a mechanism is determined by LuxHome Seating to be defective within the warranty period, LuxHome Seating will, at its option, repair or replace the mechanism.

In no event shall LuxHome Seating be responsible for any disassembly, installation, or labor charges outside of our manufacturing facility. In addition, LuxHome Seating shall not be responsible for any shipping or packaging charges, except during the first year of this warranty.

FABRIC

LuxHome Seating warrants all fabrics for a period of one year to the extent of the warranty provided to LuxHome Seating by the original fabric supplier. In general, fabric manufacturers do not warrant for pilling, shading, fading, shrinkage, wrinkling, or stretching, so those properties are not covered under this warranty.

LEATHER

LuxHome Seating warrants all leathers for a period of one year to the extent of the warranty provided to LuxHome Seating by the original leather supplier. In general, leather manufacturers do not warrant for improper cleaning or contact damage, fading, shrinkage, wrinkling, or stretching, so those properties are not covered under this warranty. Leather is a natural product, so wrinkles, insect bites, healed scars and other natural markings, as well as some color and surface variations, are not considered flaws.

Exclusions: This warranty does not apply to furniture that is intentionally misused, or to damage resulting from negligence, exposure to sunlight or outdoor elements, nonresidential use, improper cleaning, pet damage, or other unreasonable use, or to fabric damage or failure due to a fabric protection chemical treatment, improper cleaning, or when abnormal heavy soiling or abuse is evident. This warranty applies only to the original purchaser and terminates in the event of resale or recover. Because LuxHome Seating is made by hand using natural materials, minor variations will occur from piece to piece. Therefore, this warranty does not cover such minor differences between your furniture and in-store samples, printed materials, and video or Internet displays.
