WOODWORKING

2021
2022

WE DELIVER THE HIGHEST QUALITY FURNITURE...CONSISTENTLY

“

E&I started from my interest in woodworking. At first, I made things for family members and friends. With every piece, I improved my techniques and quality. Before long, others were asking that I create furniture for them too. When time conflicts between my factory job and woodworking arose, there was no doubt about where my passion lay. From those modest beginnings, E&I has grown year by year. Why? Because our dealers and their customers expect only the highest quality furniture...and we deliver...consistently. ”

Just like fine paintings and sculptures,

WOODWORKING IS AN *ART FORM*.

When E&I builds a desk or any other office furniture, you can be sure there is not another one exactly like it...anywhere. That is due in part to the variations in color and characteristics of natural wood, but it is also the result of hand craftsmanship, an inherent Amish work ethic and special attention to each and every piece at every stage of the production process.

When you purchase an E&I piece of furniture, you're getting a limited edition. You'll find that limited edition number on a small metal plate attached on each piece.

MADE IN THE USA

Hand Crafted

E & I Woodworking

INDEX

Options | 2

You'll admire the natural beauty and integrity of our traditional handcrafted hardwood furniture. We offer a variety of styles to satisfy every customer's preferences.

We offer furniture in high-quality Northern Red Oak as standard, but Cherry, Quarter Sawn White Oak (QSWO), Brown Maple and Hickory are also available wood options.

Each piece of wood is carefully selected and hand assembled to provide you with an heirloom piece to be cherished for generations to come.

As a standard, our drawer boxes are solid hardwood construction with dovetail corners and dadoed in bottoms installed on full extension ball bearing drawer slides.
