HILLTOP HICKORY  
FURNITURE, LLC

Hilltop Hickory Furniture, LLC, is a family-owned business established in 1995. We founded this company on Midwestern ethics and heritage. Today, we combine time-honored woodworking techniques handed down from our ancestors with more advanced technology to create furniture for generation after generation.

So why is hickory our wood of choice for home furnishings? Because the mighty hickory towers over most other trees with a height up to 120 feet. Hickory has uncommon strength, hardness, resilience, inherent beauty, distinctive grains, and natural color shifts. Hickory is also a renewable resource. When hickory saplings are cut, they will re-grow and be ready to harvest again in 3-5 years. Every Hilltop Hickory creation is a unique combination of nature's art and human artistry.

Here in Northern Indiana, our craftsmen draw on skills passed down from their ancestors. With a true understanding of the natural qualities of hickory, we bring out its beautiful grain patterns and create heirloom quality furniture.

Flip through these pages to rediscover hand-crafted, high-quality furniture the way it was meant to be.

## CARE

Although your Hilltop Hickory interior home furniture is built and finished to withstand years of use, proper care and maintenance will ensure that it lasts for generations to come.

1. Avoid placing your furniture under windows or in direct sunlight to prevent fading.
2. Extreme changes in temperature or humidity cause wood to contract or swell, so keep furniture away from radiators, heating / cooling vents, and air conditioning units. Humidity should be 40-50% to prevent damage to hardwood furniture.
3. Use pads or felt under plastic, rubber, hot dishes, drinks, bookends, vases, or other decor to protect the finish.
4. Rotate items on your furniture's top periodically to prevent variations in color and avoid scratches by lifting items from the surface rather than dragging them.
5. Clean up spills immediately by blotting with a soft, absorbent cloth. Do not use anything with alcohol or acetone. It can cause severe damage to the finish.
6. Dust frequently with a dry, soft, lint-free cloth, rubbing with the grain rather than against it.
7. Approximately twice a year, polish your furniture with a polish containing detergents, emulsifiers and mineral oil using a clean, dry, lint-free cloth. Silicone cleaners and waxes are not recommended.

## CUSTOMER WARRANTY

All warranties are to the original purchaser (owner) from authorized Hilltop Hickory dealers only. Warranties are not transferable. You can fully expect our handcrafted interior home furniture to be enjoyed for generations to come. If a piece ever needs our attention, we will work with you, the original owner, and your retail dealer to restore it to its original quality under the terms and conditions of care listed in this booklet.

The warranty on your Hilltop Hickory interior home furniture covers any defects that occur with the furniture structure or wood materials. All hardwood contains variations in color and grain, which makes the characteristics unique to each wood species. Our finishing process is identical, but no two pieces will finish the same way.

Taking care of your furniture with recommended controlled interior heating, cooling and humidity is critical to achieving a lifetime of enjoyment that can be passed on to future generations. At Hilltop Hickory, we understand our furniture's true life expectancy — and they hold a longer lifespan than the trees from which they originate.

NOTE: All materials used in the construction of Hilltop Hickory furniture are environmentally sustainable and CARB certified.
