

# YODER'S woodworking

*premier builders of superior  
bedroom furniture and sewing cabinets*

2021

Yoder's Woodworking is located on the southeast outskirts of Nappanee, Indiana, where the air is cleaner and the sun shines brighter.

John Yoder has been creating and building with wood for the last 9 years and in 2017 ventured out on his own to start his woodworking business on a full time basis. Sewing cabinets are just a part of what his company builds as they stay busy with custom built kitchen cabinets, wood products for the RV industry and even board games.

Each piece is skillfully built to perfection by John and his staff using time proven methods of cabinetmaking.
