SELECT SERIES BEDROOM COLLECTIONS

SELECT SERIES BEDROOM COLLECTIONS

We're excited to announce the Select Series of bedroom furniture, a group of collections that delivers the trusted craftsmanship you expect at a more accessible price point. The Select Series focuses on simple designs allowing us to offer solid hardwood furniture to a broader market. By keeping the designs straightforward and limiting options, we're able to pass meaningful savings on to you, without compromising on the integrity of the build.

Each piece in the Select Series is constructed with premium hardwood and plywood in every structural component, ensuring long-lasting strength and stability. The collection is available in Oak, Sap Cherry, and Brown Maple, and includes sidemount drawer slides, dovetailed drawers, and a rear interlock system. All cabinets are ASTM compliant. To maintain efficiency and value, the Select Series does not offer customization options.

For a budget friendly option in handcrafted hardwood furniture, look no farther than the beautiful collections of the Select Series.
