About Us:

Milan Baltic grew up a dairy farmer in North East Ohio. He married Amy in 1995 and began trucking in 1998. He delivered outdoor Amish furniture and propane tanks with his flat bed trailer for 4 years. And then delivered dog food to pet stores for 3 years. In November 2005 he began trucking indoor Amish furniture for a large website store. In 2010 Baltic Trucking started hauling for multiple stores and manufacturers. Milan and Amy have 10 children, 2 married and a grandkid on the way! Now in 2023 Baltic Trucking has a small fleet of trucks, enclosed trailers, and sprinter vans with 3 CDL drivers and 4-6 warehouse laborers. We currently work with about 50 retail stores and several wholesale shops. Our warehouse is at our private home in the country where we are loading trailers and do maintenance on the trucks and trailers.
